

International Education Enrollment Policy

Purpose	To inform international students and staff about educational opportunities at Vancouver Community College.
Policy	Vancouver Community College accepts international students.
Applies to	VCC International, Registrar's office, and VCC educational departments.
Procedures	<p>The underlying philosophy and governing principles of offering seats to international education students is that so long as the number of domestic students is maintained over time, seats will be made available to international education students in the following order:</p> <ol style="list-style-type: none">Where program demand is high, additional sections/programs funded by international tuition revenue will be added to accommodate international students. In this case, where possible, international students will be integrated throughout the base funded and international student funded seat to avoid "international only" section. Where special program requirements do not permit integration, the additional section will be operated as a fully funded cohort.Two seats will be reserved for international students in each base funded section for up to three months before the commencement of the program. Programs which are based on selection and those programs which have a waitlist of one year or longer are excluded from this provision.In consultation with department heads, and/or deans, two additional "overage" spaces can be reserved for international students.
