Course Pre-requisites (if applicable):

MEDC 1100 Medical Administrative Procedures, MEDC 1121 Medical Speed and Accuracy 1, MEDC 1132 Human Relation Skills, MEDC 1135 Medical Terminology for MOA 1, MEDC 1136 Medical Terminology for MOA 2, and MEDC 1140 E-Communications Management

Course Co-requisites (if applicable):

N/A

PLAR (Prior Learning Assessment & Recognition)

☒ No ☐ Yes (details below):

Course Description:

This foundational course introduces the basics of technical writing and the purpose, content and format of medical reports and their style guidelines. Transcription technique and equipment is introduced, and proofreading and editing skills are applied.
Instructional Strategies:
Lectures, lab, group work and student presentations.

Course Learning Outcomes:
Upon successful completion of this course, students will be able to:

1. Prepare professional written communications for clients and members of the medical and health professional team.
2. Apply proofreading and editing skills.
3. Type and transcribe medical correspondence utilizing proficient keyboarding speed and accuracy.
4. Type and transcribe medical correspondence utilizing industry guidelines, and correct spelling and grammar.

Program Learning Outcomes:
Upon successful completion of this program, students will be able to:

1. Communicate professionally with clients and members of the medical and health professional team.
2. Work safely in a healthcare environment.
3. Practice in a professional and ethical manner.
4. Use problem-solving, critical thinking, decision-making and information literacy skills in practice.
5. Practice effective quality management in healthcare environments.
6. Manage patient records and perform medical billing procedures.
7. Assist physicians by performing clinical procedures within MOA scope of practice.
8. Collaborate with the medical team to implement and apply “Chronic Disease Management” protocols.
9. Use medical and business computer applications related to word processing, data management, and electronic communication.
10. Accurately transcribe medical correspondence and reports utilizing keyboarding skills at a speed level required by current employment standards.
