Course Pre-requisites (if applicable): None

Course Co-requisites (if applicable): None

PLAR (Prior Learning Assessment & Recognition)  Yes (details below):

1. Actual curriculum products / artifacts created and used by the applicant in their workplace which are judged equivalent to the curriculum documents required in the PIDP 3240 course assignments.
2. A successful interview with the SIE Department Head or one of the full-time SIE faculty.
3. An essay in which the applicant describes the development of their thinking related to the themes, issues, and concepts of the 3240 course.

Course Description:
The Media Enhanced Learning course enables participants to create, select, use and justify media, technology and tools for their various teaching and learning environments. The course emphasizes the application of media related concepts, copyright laws, media approaches and learning theories in the creation and selection of instructional media. Participants will investigate the current trends and issues, and will work with a wide range of instructional media tools.
**Instructional Strategies:**

The primary instructional strategies for the course are in-class workshops, group work, independent self-directed research and reflective journaling.

**Course Learning Outcomes:**

1. Adhere to creative commons guidelines and copyright laws when selecting and creating material.
2. Determine the impact of current trends and issues on the teaching and learning environment.
3. Apply conceptual frameworks (theories, principles, perspectives) to the selection of media/technology tools.
4. Select, justify and use appropriate instructional media to enable learning.
5. Select, justify and use appropriate instructional technology to enable learning.
6. Select justify and use appropriate tools to create and develop instructional media.
7. Use respectful and professional communication skills.

**Program Learning Outcomes:**

1. Design, deliver, and evaluate learning and teaching on a continuum of instructional approaches.
2. Create positive and engaging environments that promote respect for the diversity of learners.
3. Use instructional strategies and educational technologies appropriately to support and enhance teaching and learning.
4. Communicate effectively and work collaboratively in the workplace and in the community.
5. Act in an ethical and professional manner when working in an adult setting.
6. Develop professionally in response to trends and issues in one’s field of practice and in adult learning.
7. Become a reflective practitioner.
