DISCLOSURE OF EXECUTIVE COMPENSATION STATEMENT

This is to advise that the Board of Governors is aware of the executive compensation paid in the 2018/19 fiscal year and that the compensation provided was within approved compensation plans and complies with the Public Sector Executive Compensation guidelines.

Joey Hartman
Chair, Vancouver Community College Board of Governors
OVERALL OBJECTIVES

Vancouver Community College’s total compensation programs help us retain and attract qualified staff that will support the College in achievement of our mission, vision and work in alignment with our values and culture. The programs are designed in a manner that is fiscally responsible and provides us with flexibility to respond to changing and unique circumstances.

GUIDING PRINCIPLES

Our compensation programs will be characterized by the following:

- **Promotion of a performance based culture** – employees are expected to meet expectations in order to move through the range or receive an increment step. Determining whether an employee’s performance meets expectations will be done through an annual performance review conducted by the employee’s manager.
- **Clear communication to employees and the public** – information describing the total compensation programs is clearly communicated in documents that are made available to all employees and the public.
- **Differentiation based on scope of responsibility** – individual jobs are classified based on their scope of responsibilities and qualifications required.
- **Decisions based on evidence** – decisions on changes to the College’s total compensation programs are supported by well documented business rationales, based on objective data and take into consideration fiscal accountability.

ROLE OF TOTAL COMPENSATION ELEMENTS

Our total compensation program includes four main elements:

1. **Compensation** – Employees are provided with fair compensation for the scope and breadth of their job responsibilities and the education, competencies and experience they bring to their roles.
2. **Benefits** – Employees receive a benefit package that provides security and protection for themselves and their families.
3. **Career Development** – Employees are provided with support for skill development, upgrading and other career development opportunities.
4. **Work/Life** – Employees are provided with time off and flexible time arrangements to help them balance their work and personal demands.
COMPARATOR GROUPS

Our comparator group includes organizations where we can attract qualified employees from and are at risk of losing qualified employees to. Our core comparator group includes similar post-secondary and other public sector organizations in B.C. For other jobs where talent may be needed from out-of province and jobs that require skills from specific industries or from outside of the public sector, a secondary comparator group may be used.

TARGET PAY POSITIONING

Our total compensation programs are targeted at approximately the 50th percentile of our comparator group.

INTERNAL EQUITY

We consider the relative scope, responsibilities, and complexities of jobs to ensure that compensation levels are fair and equitable. Market competitiveness is balanced with internal equity to ensure that the relative internal value of work is fairly recognized.

AFFORDABILITY AND SUSTAINABILITY

Our total compensation programs are designed and administered in a fiscally responsible manner that ensures that costs are affordable and sustainable over time.

GOVERNANCE AND ADMINISTRATION

The Board of Governors is responsible for approving our overall compensation philosophy and programs. The executive team is responsible for the day-to-day oversight and administration of the programs.

Total compensation programs may be amended from time to time, as determined by the College, and as approved by the Minister.
