1. CALL TO ORDER

- The meeting was called to order at 3:32 p.m. L. Griffith, Associate Director, School of Trades, Technology & Design, was welcomed in her new role as an administrator on Education Council, replacing B. Griffiths.

2. ACKNOWLEDGEMENT

- T. Rowlatt acknowledged that the College is located on the traditional unceded territory of the Sḵwx̱wú7mesh Ûxwumíxw (Squamish), xʷməὠkəy̓əm (Musqueam) and Tsleil-Waututh peoples, and extended the acknowledgement to the ancestral territories of all participants joining remotely.

3. ADOPT AGENDA

   MOTION: THAT Education Council adopt the December 7, 2021 agenda as presented.

   Moved by D. Wells, Seconded & CARRIED (Unanimously)

- T. Thomson requested a conversation about staffing levels at the Library and the impact on students, in the context of the Academic Plan; the Library is currently short one faculty member. EdCo will ask T. Morgan to provide an update at the January Education Council meeting.
4. APPROVE PAST MINUTES

MOTION: THAT Education Council approve the November 9, 2021 minutes as presented.

Moved by D. McMullen, Seconded & CARRIED (Unanimously)

5. ENQUIRIES & CORRESPONDENCE

▪ There were none.

6. BUSINESS ARISING

a) Annacis Island Update

▪ D. Wells reported on the four key considerations in the process around the transition of the HMT program: people, programming, lease, and equipment. Consultations are taking place, including with the ITA. The goal is to finalize some details next week.

b) Duolingo Score Recalibration & Extension

MOTION: THAT Education Council approve the revised minimum scores for base programs and Pathways courses, and extend the use of Duolingo as an approved method for demonstrating English proficiency to any programs starting before or during the January-April 2023 term.

Moved by D. McMullen, Seconded & CARRIED (Unanimously)

▪ D. McMullen presented an update on the Duolingo English Test, which was adopted as an alternative English Language Proficiency (ELP) assessment at the beginning of the pandemic in March 2020, since VCC’s Assessment Centre was closed. This assessment was also adopted by other post-secondary institutions.

▪ Due to the urgency of implementing an alternative assessment, Duolingo scores were set at that time based on a limited amount of available data. Since then, the Registrar’s Office has evaluated data on student results, and will continue gathering longitudinal data on student success.

▪ Duolingo scores have been recalibrated in extensive consultation with faculty, including department heads KJ Hills, K. McMorris, and L. Perras. Minimum scores were increased slightly to support students’ success; it was found that students scored significantly better on Duolingo than the previous assessment. The Registrar’s Office is working on a process for students who have already taken the test to avoid repeated testing; departments can connect with the RO regarding pending applications.

▪ In addition to recalibration, the Registrar’s Office proposed extending the use of Duolingo (originally approved as a pilot) until the January–April 2023 term to enable continued admission of international students. There were questions about the possibility of accepting Duolingo on a permanent basis. This will be part of a larger discussion about assessments, informed by additional data and a current research project at VCC on assessments.

▪ EdCo members requested similar data on the previously used VCC English Language Assessment (ELA). The Registrar’s Office will assess this data and present it as part of regular updates to Education Council over the next months. It was clarified that no FTEs were lost in the Assessment Centre, and there is a small number of assessments available on site.

c) Academic Master Plan Update

▪ D. Wells presented an update to the Academic Master Plan (AMP), mapping its five priorities to the Strategic Innovation Plan (SIP): academic innovation (AMP), campuses of the future, operational excellence, engaged communities, and empowered people and inclusive culture.
- The previous AMP categories were restructured into: Indigenization by reconciliation and decolonization; justice, equity, diversity & inclusion; student experience; educational delivery; and fiscal sustainability.
- The Academic Plan template will be restructured accordingly and shared with departments in early spring. There will be consultations before that time around AMP language.

d) Program Reset Working Group
- T. Morgan was unable to attend the meeting; the item was deferred to January.

e) EdCo Meeting Time
- EdCo members completed an online poll on the meeting time for next year; there was a slight preference for the current meeting time. EdCo will continue to meet on Tuesdays from 3:30–5:30 p.m.

f) EdCo Planning Day Debrief
- T. Rowlatt thanked members for attending Planning Day and asked for feedback. He thanked D. Kirk from Capilano University for facilitating the afternoon session on Indigenizing curriculum.

g) EdCo Annual Planning Calendar
- The document was included in the meeting package for information and feedback. No changes were requested.

7. COMMITTEE REPORTS

a) Curriculum Committee

i) New Course: BUSI 1334 Foundations of Business

MOTION: THAT Education Council approve, in the form presented at this meeting, the new course BUSI 1334 Foundations of Business.
Moved by N. Mandryk, Seconded & CARRIED (Unanimously)

- J. Dalla-Tina and C. Sauvé presented the proposal for this gamified online business simulation course, which will be one of the electives in the redesigned Applied Leadership and Business Management Certificate program. The course was developed by faculty from Lambton College in Ontario and is licensed through their company Online & Digital Education Academy (ODEA). The course is offered at over 20 institutions in Canada.

- With regards to the assignment of 3 credits, it was noted that the course is paced and encompasses several components in addition to 30-35 hours of game play: an introductory session with a facilitator, content modules, weekly quizzes, and case studies; some components are part of a Moodle course that accompanies the game. The workload overall is more than 45 hours, and the course is worth 3 credits at all other institutions as well.

- Regarding accessibility, it was noted that the course is ADA/AODA compliant: accessible for students with disabilities (colour blindness, dyslexia-friendly font, hearing impaired). There are accessible testing options for students with accommodations. With regards to student privacy, a PIA (Privacy Impact Assessment) was completed; basic student data will be saved on Canadian servers. Students do not create anything in the game that would fall under intellectual property considerations.

ii) Program Update: Jewellery Art & Design Diploma

MOTION: THAT Education Council approve, in the form presented at this meeting, the revised Jewellery Art & Design Diploma program content guide and one (1) new course: JADE 1128 History and Culture of Jewellery 2.
Moved by S. Ivits, Seconded & CARRIED (Unanimously)
K. Jones presented this new course, which was developed as part of a significant program revision arising from the renewal. This course was missed when the original proposal went through governance. The department took an explicitly decolonized approach in the first part of History and Culture of Jewellery; the second course JADE 1128 focuses on Western design and art movements but incorporates the influences of non-Western cultures.

iii) Program Updates: Fashion Design & Production Certificate and Diploma

**MOTION:** THAT Education Council approve, in the form presented at this meeting, the revised Fashion Design and Production Certificate and Diploma program content guides and 23 revised course outlines.

Moved by D. McMullen, Seconded & CARRIED (Unanimously)

S. Murray presented the proposal for minor updates, mostly to pre-requisites and hours.

iv) New Program: Health Care Assistant Diploma (International Cohort)

**MOTION:** THAT Education Council approve, in the form presented at this meeting, the new Health Care Assistant Diploma (International Cohort) program and 12 new courses, and recommend the Board of Governors approve the credential.

Moved by D. McMullen, Seconded & CARRIED (Unanimously)

L. Beveridge presented the proposal for this new two-year diploma program designed for international students looking to work in the Canadian health care sector. The program combines the existing Health Care Assistant (HCA) Certificate curriculum with enhanced training in communication skills, information technology, dementia, and the impacts of colonization on Indigenous people. Graduates will qualify for a three-year postgraduate work permit and a BC Care Aide Registry number, which is required for work in public care institutions.

Responding to questions, L. Beveridge confirmed that 2SLGBTQIA health perspectives, access to health care and advocacy are part of a common health challenges course. T. Rowlatt added that Curriculum Committee commended L. Beveridge for her work on this proposal.

b) Policy Committee

i) A.3.2 Policy Development and Management

N. Mandryk reported that policy A.3.2 Policy Development and Management was discussed at the last committee meeting; revisions were developed by a working group consisting of C. Munro, R. Noel, T. Rowlatt, D. Lucas and N. Degagne. Review and approval responsibilities were clarified, and an expedited process for changes to procedures and definitions included. As this policy is approved solely by the Board, it was presented to Education Council for information. Education Policy Committee provided feedback, and the community feedback process is underway.

The Board of Governors approved policies D.1.5 Use of Library Resources and D.3.6 Admissions; C.2.1 International Students on Study Permits was rescinded, as it was merged with D.3.6.

c) Appeals Oversight Committee

L. Griffith reported that the committee has not met since the last EdCo meeting. Discussions are ongoing about the future of the committee’s work.

d) Education Quality Committee

i) CD Fund 2022

T. Rowlatt reported that EQC has been discussing criteria for CD funding; the plan is to finalize the guidelines and proposal form this week and send out the call for proposals shortly. $400,000 will be available; proposals will be due in February.
There was a session on the annual program review process at Leaders’ Forum on December 6; feedback from deans and department leaders will be discussed by the committee in January.

8. RESEARCH REPORT

- E. Ting reported that the Research Ethics Board is working on revising forms to make them more manageable and user friendly. Options to move to online forms are being explored.
- The next VCC Teaching, Learning, and Research Symposium will be held on March 10 & 11, 2022 - Untangling and Weaving Our History, Knowledge, and Ways of Being: Co-Creating and Making Space for Indigenization and Decolonization in Teaching, Learning, and Research. Presentation proposals can be submitted until January 21, 2022.

9. CHAIR REPORT

- T. Rowlatt attended the Board of Governors retreat in November with N. Mandryk. Education Council has received one student appeal. T. Rowlatt and N. Mandryk met with A. Patel and D. Wells and discussed micro-credentials. A by-election for two support staff and two faculty seats (Student Success and CTLR/SIE) on EdCo will be held early next year.

10. STUDENT REPORT

- P. Sachdeva announced that a by-election for a student representative on the Board of Governors will be held in January. M. Ng reported on SUVCC holiday events for students.

11. ELECTIONS

a. Education Council Chair

- D. McMullen thanked E. Ting and T. Rowlatt for serving as EdCo Chairs this year.
- L. Griffith and M. Ng nominated N. Mandryk. Nomination accepted.
  Second and third call for nominations: There were none.
  By acclamation, N. Mandryk was announced Chair of Education Council.

b. Education Council Vice-Chair

  Second and third call for nominations: There were none.
  By acclamation, S. Ivits was announced Vice-Chair of Education Council.

c. Two Executive Committee Members

- N. Mandryk nominated S. Kay. Nomination accepted.
  Second call for nominations: M. Ng nominated P. Sachdeva. Nomination accepted.
  Third call for nominations: There were none.
  An online vote was conducted. With a majority of the votes, L. Griffith and S. Kay were elected Executive Committee Members of Education Council.

d. Standing Committee Chairs

i. Curriculum Committee

- N. Mandryk nominated T. Rowlatt. Nomination accepted.
  Second and third call for nominations: There were none.
  By acclamation, T. Rowlatt was announced Chair of Curriculum Committee.

ii. Education Policy Committee

- N. Mandryk nominated S. Kay. Nomination accepted.
  Second and third call for nominations: There were none.
By acclamation, S. Kay was announced Chair of Education Policy Committee.

iii. Education Quality Committee

- S. Ivits nominated T. Rowlatt. Nomination accepted.
- Second and third call for nominations: There were none.
- By acclamation, T. Rowlatt was announced Chair of Education Quality Committee.

iv. Appeals Oversight Committee

- S. Kay nominated N. Mandryk. Nomination accepted.
- Second and third call for nominations: There were none.
- By acclamation, N. Mandryk was announced Chair of Appeals Oversight Committee.
- D. McMullen and T. Rowlatt thanked all those running for positions for their engagement.

12. NEXT MEETING AND ADJOURNMENT

- The next Education Council meeting will be held on January 11, 2022, 3:30-5:30 p.m.

**MOTION:** THAT Education Council adjourn the December 7, 2021 meeting.

Moved by T. Rowlatt, Seconded & CARRIED (Unanimously)

- The meeting was adjourned at 5:10 p.m.

Todd Rowlatt
Chair, VCC Education Council
DECISION NOTE

PREPARED FOR: Education Council

DATE: January 11, 2022

ISSUE: New course: BIOL 1602 Human Anatomy & Physiology

BACKGROUND:
This course has been numbered as NURS 1602 for many years but is taught by the Science department and is a pre-requisite for the Practical Nursing program. After consultation with the Registrar’s Office and the department heads in both Science and Practical Nursing, the decision was made to change the course number to BIOL 1602 to better match its content. Otherwise, no changes to the course have been made.

DISCUSSION:
Curriculum Committee had no concerns about this proposal.

RECOMMENDATION:
THAT Education Council approve, in the form presented at this meeting, the new course BIOL 1602 Human Anatomy & Physiology.

**Rationale and Consultations**

You only have to complete the Rationale and Consultations section once for a group of related proposals (i.e. a number of changes to a PCG and multiple courses). Is this proposal part of a group of related proposals?

No
Provide a rationale for this proposal:

This course has been numbered as NURS 1602 for many years but it is taught by the Science department and is a pre-req for the Practical Nursing program. After consultation with the Registrar’s Office and department heads in both Sciences and Practical Nursing, it makes sense to change the course number to BIOL 1602.

Are there any expected costs as a result of this proposal?
None

DECISION NOTE

PREPARED FOR: Education Council

DATE: January 11, 2022

ISSUE: New course: PIDP 3351 Feedback Strategies

BACKGROUND:
This new course is an additional elective available for students in the Provincial Instructor Diploma program. Students are required to take seven credits in electives to complete the program, and the School of Instructor Education (SIE) has been developing new options. An additional course on giving feedback was suggested during the program’s recent program renewal as being of interest to students and will support the skill development for effective feedback strategies.

DISCUSSION:
The proposal was presented by Jacquie Harrison from the SIE. Curriculum Committee asked for two small adjustments: 1) substituting the more common term “feedback” in the course learning outcomes for the term “feedforward,” a concept learned in the course; and 2) adding to the course description more information about the practical application of the concepts that will be learned in the course – students will get extensive experience providing and receiving feedback. These changes have been made.

RECOMMENDATION:
THAT Education Council approve, in the form presented at this meeting, the new course PIDP 3351 Feedback Strategies and the revision to the program content guide for the Provincial Instructor Diploma.

Program Content Guide

Purpose

The BC Provincial Instructor Diploma Program (PIDP) provides both new and experienced instructors with the knowledge, skills and attitudes needed to instruct adults. Course activities and assignments are intended to provide the skills needed to be an effective, competent instructor.

VCC manages the BC Provincial Instructor Diploma Program on behalf of the Ministry of Advanced Education, Skills & Training. The PIDP is recognized by public and private colleges and institutes.
Admission Requirements

**English language proficiency** at an English 11 level
Evidence of subject matter expertise as demonstrated by a diploma, bachelor's degree, trades certification, substantial workplace experience, or departmental approval

Prior Learning Assessment & Recognition (PLAR)

Students may request formal recognition of prior learning attained through informal education, work, or other life experience, including Indigenous ways of knowing. Credits may be granted to students who are able to sufficiently demonstrate the learning outcomes of specific courses.

PLAR is available for all courses in the program, except:

**PIDP 3220 Delivery of Instruction**
**PIDP 3270 Capstone Project**

**Applying for PLAR:** Identify courses for which you will be requesting PLAR.
Submit the following to the department:

**Submit the following to the department:** Actual curriculum products/artifacts created and used by the applicant in their workplace which are judged equivalent to the curriculum documents required in the course assignments. Actual curriculum products/artifacts created and used by the applicant in their workplace which are judged equivalent to the curriculum documents required in the course assignments. An essay in which the applicant describes the development of their thinking related to the themes, issues, and concepts of the course. A successful interview with the department.

A successful interview with the department.

Students may apply for a maximum of 12 program credits through PLAR. Tuition and fees may still apply to PLAR candidates.

To request PLAR, please contact the department directly.

See the D.3.5 Prior Learning Assessment and Recognition Policy and Procedures for more information.

Program Duration & Maximum Time for Completion

30 credits (450 hours)
Completion time will vary depending on individual circumstances. The program is designed for working professionals. It is designed to allow for flexibility, and may be completed at an accelerated pace. The minimum completion time is ten months. The program must be completed within 5 years.
Program Learning Outcomes

Upon completion of the program, students will be able to:
Design, deliver and evaluate adult learning and teaching on a continuum of instructional approaches.
Create positive and engaging learning environments that promote respect for the diversity of learners.
Communicate effectively and work collaboratively in the workplace and in the community.
Act in an ethical and professional manner when working in an adult education setting.
Integrate critical reflection strategies to stay current in education and bring about change in one’s own practice.

Instructional Strategies, Design, and Delivery Mode

A wide variety of instructional strategies is used in the program. Instructional strategies may include interactive lecture, presentations, assignments, guest speakers, discussions, group work, field trips, and case studies. Courses may be offered in online, face-to-face, and blended formats.

Evaluation of Student Learning

The PIDP consists of eight core courses (23 credits) and electives (7 credits) to total 30 credits. Evaluation of student learning is based on completion of course assignments. Due dates and criteria for successful completion of each course assignment will be outlined by the instructor at the beginning of each course. Students must achieve a minimum grade of C- in each course with letter grades, or S in each course with successful/unsuccesful grades to be awarded the PIDP.
To achieve the Provincial Instructor Diploma, students must successfully complete 23 credits from eight core courses and seven (7) credits from elective courses for a total of 30 credits.
To achieve the Train the Trainer Short Certificate, students must successfully complete PIDP 3210 Curriculum Development, PIDP 3220 Delivery of Instruction, and PIDP 3230 Evaluation of Learning.

Recommended Characteristics of Students

The PIDP is appropriate from those with no teaching experience to those with substantial teaching experience but little training in instructional skills. Students should have:
-a willingness to participate in a wide variety of instructional strategies, both face-to-face and online
-basic computer skills
-the ability to work independently and with others

Course Description:
This course is for educators who would like to use a variety of strategies to provide feedback to their students to promote learning. Through interactive activities and practical application of the concepts, learners will explore how to give and accept feedback and prepare their learners to accept feedback. Participants will explore how to use audio, video and written feedback to support formative and summative assessments.

Course Pre-Requisites (if applicable):
PLAR (Prior Learning Assessment & Recognition)

Yes

Details of PLAR:
1. Actual curriculum products / portfolio created and used by the applicant in their workplace which are judged equivalent to the curriculum documents required in the PIDP 3351 course assignments.
2. A successful interview with the SIE Department Head or one of the full-time SIE faculty.
3. An essay in which the applicant describes the development of their thinking related to the themes, issues, and concepts of the PIDP 3351 course.

## Rationale and Consultations

You only have to complete the Rationale and Consultations section once for a group of related proposals (i.e. a number of changes to a PCG and multiple courses). Is this proposal part of a group of related proposals?

Yes

Is this the primary proposal?

Yes
Yes

Provide a rationale for this proposal:

Effective April 2021, the number of credits required to complete the Provincial Instructor Diploma increased from 23 to 30. This change was made to comply with College policy. To satisfy graduation requirements students need to complete the core courses (23 credits) and 7 elective credits.

Following recommendations from our Program Renewal, we are proposing four new courses: three in the area of Educational Leadership and one in Evaluation, specifically in giving feedback. These topics were identified as of interest to our student demographic through the Program Renewal process.

Are there any expected costs as a result of this proposal?

No

DECISION NOTE

PREPARED FOR: Education Council

DATE: January 11, 2022

BACKGROUND:
The Leadership and Business area in Continuing Studies completed a program renewal for their programs in 2019. VCC has taught leadership programming for many years, and the renewal found that the College has a niche of “leadership training for every person,” appealing to a very wide range of people working in many areas of employment. It has low barriers to entry and flexible offerings.

The previous structure was of multiple overlapping programs. A strong recommendation from the renewal was to streamline the different programs into one with a set of core courses and a series of elective specializations. Students who complete the core courses (9 credits) and an additional 9 credits in electives will receive a Certificate in Applied Leadership and Business Management. Additionally, the electives have been organized into 3-4 course specializations; a student who finishes all courses in a specialized area can also receive a micro-credential “Award of Achievement” in that specialty. Students can complete all the specializations if they want to, and additional specializations can be designed and added as options as market needs are identified.

DISCUSSION:
The proposal was presented by Joy Dalla-Tina, Program Coordinator for Applied Leadership, and Claire Sauvé, Associate Director of Continuing Studies. Curriculum Committee appreciated the design of the new program with micro-credentials integrated into the certificate, providing multiple options for students to gain recognition of their learning.

The Committee requested a number of edits, but all were generally minor. The key changes were:

- The removal of “18 years old or high school graduate” as an admissions requirement. The College’s general admission requirement is a minimum age of 16 years, and there is no sensitive content in this program that would necessitate a higher age.
- Clarifying how students can achieve the certificate and the awards of achievement.
- A number of edits to course learning outcomes and assessments to align the learning activities throughout the program.

All the changes have been made.
RECOMMENDATION:
THAT Education Council approve, in the form presented at this meeting, the curriculum for the new Applied Leadership and Business Management Certificate program, including 18 new courses, and recommend the Board of Governors approve the credential.

Program Content Guide

Purpose

The purpose of the Applied Leadership and Business Management Certificate is to provide learners with the skills and knowledge necessary to transition into leadership and management roles in a wide range of workplace settings, as well as to provide practical training for those already working in leadership and management positions. The program is designed to meet the needs of a variety of learners by introducing, developing, and applying key competencies related to leadership and management, as well as specific business principles such as HR management, ethics, sales, and marketing. In addition, the program includes a set of elective course options in Ecommerce, small business, and communication, as well as skill courses in leadership and coaching.

Admission Requirements

None.

Prior Learning Assessment & Recognition (PLAR)

PLAR is not available for this program.

Program Duration & Maximum Time for Completion

This part-time program can be completed over 2 years. Courses are offered during the evening and on weekends. Maximum time for completion: 3 years.
Program Learning Outcomes

Upon completion of this program, graduates will be able to:
Communication effectively as a manager, coordinator, or leader
Demonstrate leadership competencies in a variety of settings
Employ appropriate decision making and evaluation practices
Apply sales and marketing principles
Act ethically and professionally in regard to relevant stakeholders and the environment
Apply critical thinking and problem solving techniques to make sound leadership and management decisions
Utilize basic accounting principles in the operation of a business or organization
Apply human resources processes and systems in both small and large organizations
Manage client, customer, and stakeholder relations

Instructional Strategies, Design, and Delivery Mode

Classes may be offered face-to-face, fully online, or through a blended delivery model, by instructors who are working in a field related to the course content.
Instruction will emphasize practical skill and knowledge development through interactive and collaborative learning activities.
Evaluation of Student Learning

Evaluation will focus on assessments directly related to an individual student’s context and goals. Students must have a minimum GPA of 'C' (2.00) in order to graduate.

To achieve the Applied Leadership and Business Management Certificate, students must successfully complete all of the six core courses listed below (total 9 credits) and must complete 9 credits of elective courses for a total of 18 credits.

Students may also complete one or more Awards of Achievement in a number of specialization areas as described below:

To achieve an Award of Achievement in Business Communication and Project Management, students must complete the following courses: Interpersonal Communication & Relationships, Communication in the Workplace, and Project and Change Management.

To achieve an Award of Achievement in Leadership Skills, students must complete the following courses: Reflective Leadership, Public Speaking and Strategic Narratives for Leaders, Workplace Culture and Organizational Success, and Leading from Conflict to Collaboration.

To achieve an Award of Achievement in Coaching Skills, students must complete the following courses: Essential Coaching Skills for Leaders, Taking Your Leadership Coaching to the Next Level, and Coaching Your Team for High Performance.

To achieve an Award of Achievement in Small Business Administration, students must complete the following courses: Entrepreneurship for Small Business, Operations for Small Business, and Foundations of Business.

To achieve an Award of Achievement in Ecommerce, students must complete the following courses: Developing Ecommerce, Maintaining Ecommerce, and Growing Ecommerce.

Recommended Characteristics of Students

Interest in leadership, management and/or business
Strong oral and written communication skills in English
Ability to work with confidence independently or on a team
Strong analytical skills
Ability to conduct themselves in a responsible and professional manner
Willingness to share experiences and reflect on past actions as part of the learning process

### Grade Point Average (GPA)

The course grade points shall be calculated as the product of the course credit value and the grade value. The GPA shall be calculated by dividing the total number of achieved course grade points by the total number of assigned course credit values. This cumulative GPA shall be determined and stated on the Transcript at the end of each Program level or semester.

Grades shall be assigned to repeated courses in the same manner as courses taken only once. For the purpose of GPA calculation of grades for repeated courses, they will be included in the calculation of the cumulative GPA.
**Rationale and Consultations**

Provide a rationale for this proposal.

The development of the Applied Leadership and Management Certificate followed the program renewal of the Leadership Suite of programs. The current suite of Leadership programs have a long history and reputation for providing management and leadership training not only on-site at VCC’s downtown campus, but also for off-site contract training to many businesses, corporations, and municipal services. The programs are highly recognized for their content and their addressing of industry training requirements in leadership and management. The renewal of the programs was divided into distinct areas, including leadership and management, recreation and sport management, and wedding and event management. The renewal included extensive consultation with numerous high-profile industry representatives from these distinct areas.

One of the key findings was that the leadership suite of programs filled a niche as ‘leadership training for every person’ – the programs appeal to a very wide range of people working in a broad range of industries and have a low-barrier to entry. The flexibility and scheduling of the courses in the programs are very attractive to individuals who are often already working full time as new or emerging leaders in management positions and who are looking to upgrade their skills or move into more senior management positions. Another key finding was that a re-design of the programs should maintain the niche that the programs serve as well as their flexibility of programming.

The existing structure of the credential is as multiple overlapping programs. A strong recommendation from the renewal was to streamline the programs into one program which would have a core set of courses as well as a number of specializations.

An extensive program redesign process included consultation with program instructors and key industry representatives from a variety of sectors and organizations:

- Mike Lackie – Dieseltech Truck Repair & Mobile Fleet Maintenance
- Paul Zelinski – Industry Training Authority (ITABC)
- Angela Sealy – Westcoast Facilitator Group
- Shan Shan Li – Associate Program Director WorkBC
- Darren Dreger – BC Event Management and VP Education & Events, Meeting Professionals International BC Chapter
- Vanessa Sabitova – Strategic Initiative Manager BC Recreation & Parks Association
- Allan Bailey – General Manager Vancouver Canadians
- Paul Fruitman – Director of Corporate Partnership Vancouver Whitecaps

An important outcome of this consultation process (including a workshop on November 4th, 2019) was that a single program should be designed with a simplified, common core.

A draft program purpose and design was then presented at another industry/instructor consultation session on January 30th 2020. The draft design was well received with a new program name, Applied Leadership and Management certificate, being proposed. Potential streams or specializations were also discussed as
well as key courses or topics to include in the core. Thus, the proposed Applied Leadership and Business Management program seeks to combine the suite of leadership programs into one new over-arching program, which will include a well-defined set of core courses and a number of additional electives, consisting in some cases of course clusters. These clusters could form micro-credentials in their specialization areas.

Are there any expected costs to this proposal.

Course Description:
Sales and Marketing Fundamentals explores the fundamentals of marketing and sales. In addition to the "four Ps" of marketing—product, price, place, and promotion—students will be introduced to how marketers create customer-driven marketing strategies based on their research and understanding of the marketing environment and customers. This course also provides the fundamental skills, tools and processes of professional selling. The focus is on “relationship” and “need-satisfaction” selling in a business-to-business environment. Through experiential exercises, practical applications and discussions, students develop, deliver and evaluate a wide range of selling methods and presentations.

A. PURPOSE
The Curriculum Development (CD) Fund supports projects that advance and expand the College’s educational programming. Priority is given to proposals identified in the Academic Plan, along with recommendations and action plans resulting from Program Reviews, Program Renewal, and external Accreditations.

The CD Funds budget for 2022-23 is $400,000.
- The call for proposals is sent out on December 13, 2021.
- Proposals are due February 11, 2022.
- The Education Quality Committee (EQC) of Education Council meets in March to review proposals and recommend the allocation of funds to the Vice President Academic & Applied Research. The decisions are communicated to proposers in late March.
- Funds must be spent between April 2022 and March 31, 2023.

B. ELIGIBILITY FOR CD FUNDING
The CD Fund supports the development/revision of programs and courses up to the program and course mapping stage (referred to as Curriculum Materials in the Definitions section). It is not meant to support the development of teaching and learning material. Proposals spanning 2-3 years will be considered. Multi-year funding commitment is contingent on satisfactory progress reports and changes to the CD Fund budget. Proposals need to be submitted each year for multi-year projects.

CD Activities Eligible for Funding:
1. Curriculum revisions arising as a result of external Accreditation or Program Renewal recommendations, which can include the development of curriculum materials, such as program content guides and course outlines
2. Previously funded CD projects currently in-progress eligible for additional funds for completion
3. New program development
4. Curriculum revisions to existing program/course arising from annual Program Reviews
5. Transitioning of courses to online, hybrid or Hy-flex delivery, including the program/course mapping stage, and the development of online teaching and learning materials
6. Curriculum initiatives identified in Departmental plans and the Academic Plan
7. Curriculum development focused on Indigenization, decolonization, EDI (equity, diversity & inclusion) or UDL (universal design for learning)

Program Renewals
Programs undergoing renewal indicated in the approved Program Renewal schedule are automatically awarded $5000 of CD Funds for that fiscal year. Departments can use this funding for department release time to participate in the Program Renewal process and curriculum development activities.
guidelines for curriculum development

funds arising from recommendations and action plans. CD funding can support the Department to:

- Attend Steering Committee meetings
- Collect and analyze data
- Write the self-study report
- Hold departmental planning sessions
- Prepare for the external site visit
- Create an action plan

CD Activities Not Eligible For Funding

1. Development of face-to-face teaching and learning materials such as lectures, videos, lesson plans, learning activities (class, shops, labs), learning resources, assessment tools, PowerPoint, etc. Such activities would be part of classroom preparation/ assigned duty.

2. Start-up costs related to new program such as salary of a Department Leader or faculty salary to develop teaching and learning materials should be built into the new program implementation budget.

3. Accreditation-related expenses such as faculty salary to develop reports, conduct research, hosting expenses, and accreditation fees. Accreditation costs are built into department budgets. Discuss with your Dean for further information.

Factors to Consider in Estimating Cost

How much time a curriculum development project will take is always an estimate, and the CD Fund budget will rarely have enough funds to support all the time required to complete the CD activities. Almost all CD Funds money will be spent on release time for instructors/department leader.

Here are some factors to consider in your request:

1. Complexity, nature, and scope of the CD project
2. Length and complexity of the program or course content
3. Level and type of program/course (stand-alone course, certificate, diploma, degree)
4. Expertise of the curriculum developer(s)
5. Type and amount of curriculum materials needed to be produced
6. Current state of program/course documents
7. The amount of time required in CTLR, online developer, eLearning support or Instructional Associate time (e.g., are there experienced curriculum developers in your department; is it a complex project; are you developing online resources?)
8. Amount of support available from Department Leader, Dean and/or other faculty
9. Faculty release, Department Leader release, PD, and/or assigned duty time available

C. APPLICATION PROCESS

The following documents must be fully completed and submitted to the Executive Assistant, Vice President Academic & Applied Research on or prior to the due date of February 11, 2022:

a. Curriculum Development Funding Proposal
b. Salary and operating costing sheet

While the CD Fund Committee acknowledges that Departments/Schools may have a process for identifying curriculum development projects that require CD funding, the EQC supports and encourages the following processes:
1. Dean holds department meetings within their Schools to determine curriculum development needs and identify projects requiring CD funds.
2. Department Leader, with input from the project lead, prepares the CD Funding Proposal and costing sheet. The Dean could also prepare a CD Fund proposal.
3. Proposals are sent to the Dean for approval by February 4 at the latest, or as set by the Dean. The checklist should be included in the proposal documents sent to the Dean to assist in their decision-making process.
4. The Dean vets all proposals from the departments within their School and prioritizes them based on the CD Fund requirements.
5. The Dean sends all required documentation to the Executive Assistant, VP Academic & Applied Research by the due date of February 11.
6. Dean attends CD Fund Adjudication meeting to present on their School’s proposals.

D. ALLOCATION OF FUNDS

The Education Quality Committee meets in March to recommend the allocation of funds to the Vice President Academic & Applied Research. Awarded funds must be expended within the fiscal year ending March 31st. The Committee might decide to hold back a portion of funds to support a second call for proposals. The second call for proposals would be communicated in September and adjudicated by October 31st.

Procedure
- Executive Assistant and Chair of EQC provide the documents for all proposals to the Committee
- Deans present their proposals at the CD Fund Adjudication meeting; Committee members assess the proposals using the EQC checklist. In order to avoid conflict of interest, Committee members must recuse themselves from decisions pertaining to their own Department or School
- The Committee deliberates and seek a consensus on funding allocation. If consensus is not reached, the final decision is made by the Vice President Academic
- CD Fund allocations are communicated to Deans and Project Leaders at the end of March
- The Executive Assistant to the Vice President Academic provides budget codes to the Department Leaders in April

Roles and Responsibilities
- Vice President Academic: approves the Committee’s recommendations for funding allocation, communicates final allocations to Deans and Project Leads, and provides updates on the projects to Education Council.
- Chair of Education Quality Committee: facilitates the adjudication process and discussion. Requests additional information from Project Leads and Deans as needed.
- Education Quality Committee Members: review all proposals against the CD Fund general criteria. Recuse themselves from decisions related to their own Departments or Schools.
- Deans, or delegates: present their Schools’ proposals at the CD Funds Allocation meetings.
- Executive Assistant to the Vice President Academic: communicates with Project Leads, monitors project expenses, and provides reports to the EQC.

E. REPORTING

The Project Lead will be required to submit project updates to the VP Academic Office on the following dates:
- September 30, 2022
• January 13, 2023
• March 31, 2023

If the project is unable to proceed as planned, the VP Academic can require the department to relinquish funds or transfer funds to other areas. Departments that portray a regular pattern of not completing approved projects might be ineligible for funds in the future.

F. FAQs
Q: Are funds generally granted across schools equitably?
A: Funds are allocated based on responses to the general criteria noted in Section B, not based on schools.

Q: Does the committee evaluate base-funded programs/courses differently than cost-recovery programs/courses?
A: No, the committee evaluates all proposals equally.

Q: Is there an expectation that faculty will devote PD to curriculum development projects?
A: Departments are encouraged to use Professional Development and Assigned Duty for the project.

G. Definitions
Curriculum Materials: Refers to the concept paper, implementation plan, business case, program/course maps, Program Content Guide (PCG), and course outlines.

New Program: A new credential or significant and extensive changes to a program, where these changes impact the nature or overall direction of a program.

Program Map: A representation of the relationship between the courses and the program outcomes. The program map indicates where and how each program learning outcome is addressed in each course across the program, and aligns program learning objectives, course learning objectives, assessment and instructional strategies.

Project Lead: Department Leader or faculty member who initiates the curriculum development; manages project budget, people, contracts, deadlines and risks; reviews course components or deliverables.

Teaching and Learning Materials: Types of materials that will be used by the faculty and the students to engage with the course content. These materials include lectures, videos, lesson plans, learning activities (class, shops, labs), learning resources, assessment tools, PowerPoint, etc.

H. Support for Writing CD Fund Proposals
The Instructional Associates in the CTLR are available to consult and assist in writing CD Fund proposals. They hold two workshops to support proposal writers (typically in late January – please consult myVCC for dates) and are available to support the work done with CD Funds. Please consult with them about the scope of work and the support needed prior to submitting the proposal to ensure they have the time to support the project. Contact iasupport@vcc.ca for assistance.
