

## Automotive Parts and Service Technology Diploma

Learn the knowledge and skills to work effectively as automotive service advisors or automotive parts persons. Students will develop a strong foundation for future management roles within the industry. Graduates of this program may find employment as Automotive Parts Person, Automotive Service Advisor, and future career advancement opportunities in Parts Management, Automotive Service Manager, Fixed Operations and more. International students are not eligible to register in apprenticeship courses at VCC beyond those included in their program.

#### Disclaimers

<sup>1</sup>Tuition and other fees are approximate and subject to change due to yearly increases without notice. Students will be required to pay increased rates if the fees change at any time during the period of enrolment in the program. Tuition and other fees are payable on a continuous basis based on the courses in each program and when those courses are scheduled. This is an international cohort program, and international fees apply throughout the entire duration of the program.

<sup>2</sup>Enrolment in a program does not guarantee approval for the PGWP (Post-Graduation Work Permit) as there are eligible requirements. Check the [IRCC website](#) for more information. All program information including tuition and other fees, course/program content, length, admission requirements, prerequisites, start/end dates, postponements, and/or cancellation is subject to change without notice.
