Software Systems course selection guide

OVERVIEW

The Computer Science & Software Systems certificate can be completed in 12-16 months. Options for graduates include:

- SFU Software Systems – assured admission
- SFU Computer Science – competitive admission
- UBC Computer Science – competitive admission
- VCC Associate of Science degree program (1 additional year)

SFU ASSURED ADMISSION 2023-24 REQUIREMENTS

- Complete all coursework within 16 months
- Two terms of full-time study (12 credits)
- GPA of 3.2 or higher

Assured admission is for the Software Systems program; students can also apply to Computer Science at SFU (competitive admission).

Contact Advising for detailed requirements. Please note that international students are not eligible for assured admission to SFU.

SFU SEPTEMBER START

FALL

MATH 1100	SCIE 1100
MATH 1120	CMPT 1010
SCIE 1110	

WINTER

MATH 1200	CMPT 1020
MATH 1221	Elective

SUMMER

MATH 2700

SFU MAY START

SUMMER

MATH 1100	SCIE 1100
MATH 1200	SCIE 1110

FALL

CMPT 1010	Elective
MATH 1120	Elective

WINTER

CMPT 1020	MATH 1221
-----------	-----------

SUMMER, YEAR 2

MATH 2700

Electives accepted for SFU assured admission: PSYC 1100, SOCI 1100 or 1200, ECON 1100 or 1200

NOTE: May start requires 1 extra elective to meet SFU requirements of two full-time terms.

TRANSFER TO UBC

BSC. IN COMPUTER SCIENCE

Same course requirements as SFU, plus one of PHYS 1100, CHEM 1121 or BIOL 1100. MATH 2700 is optional (but transfers as UBC STAT 241/251).

B.A. IN COMPUTER SCIENCE

Same course requirements as SFU, plus ENGL 1100. MATH 2700 is optional (but transfers as UBC STAT 241/251).

Admission to UBC is competitive.
