CMPT 1525: Creating Interactive Maps

EFFECTIVE DATE

DEPARTMENT

Computers - City Centre
DESCRIPTION

Mapping geo-spatial data is a highly specialized and desirable skill in today's digital landscape because of the wealth of data available to the public and the effectiveness with which it can communicate meaning and engage online. The skills gained in this course have application in real-world situations in service of more effective communications, knowledge translation, and marketing goals. Students will learn the basic principles and skills related to interactive point-of-interest and choropleth maps. Participants are expected to have Mapbox accounts (free).
